(Cut me out!)

Mini Friend, be full of confidence and trust.
When people, places and things around you change, the one that made you never does!
He is the same yesterday, today and forever.
Put your trust in Him. Believe and have faith.
Changes are a part of everyday life.
God's plans for your life are good, full of hope and to give you a future.
Have patience in the waiting, because waiting time is learning time, and learning time is helpful time.
Become a 'Champion of Change', Mini Friend.
Let go of control, and TRUST.
