INTRODUCTION

Here at The Courtyard Box Office we are proud to sell tickets.

We sell tickets for thousands of events spanning from live shows, screenings, films, workshops and events in the wider community.

We take pride in our customer service and always strive to go that extra mile for our customers.

Using our ticketing system, Spektrix, we have access to a wide range of Sales & Marketing tools to optimise sales and ensure that the booking process is as smooth as possible.

We would love to ticket your event and would like to tell you a little more about who we are, what we do, and what we can offer you.

AT A GLANCE

BOX OFFICE SUPPORT

We take 12.5% + VAT of the ticket sales value. If you are a registered charity and provide the charity number we take a reduced rate of 10% + VAT. Credit card processing fees are included within our commission. All fees shall be deducted from the gross Box Office figure to give the net value.

Included in the third party ticketing agreement The Courtyard Box Office can offer:

- Set up our Box Office system to sell tickets and undertake advance personal, postal and telephone sales as well as answering general enquiries during our advertised Box Office hours.
- Sell tickets over the internet via The Courtyard website – courtyard.org.uk/courtyardtickets
- Provide regularly updated sales figures, final sales returns and undertake prompt and accurate financial settlement.
- Cease ticket sales through our Box Office channels at an appropriate deadline in order to provide the promoter with up to date sales lists.
- Offer ticket delivery via post, care of Box Office, or e-tickets. We can also create a bespoke e-ticket for your event with important information for the customer.

This is our basic third party agreement and we will be open to discussions on how we can tailor the package to better suit the demands of your event and organisation.

MARKETING SUPPORT

With the infrastructure already in place, we can also offer additional Marketing and advertising support, including e-shots, brochure space (subject to availability), digital poster displays, and boosted social media posts, all of which would utilise our vast customer database, for an additional fee.
